**** Lead time approx. 4-5 weeks from order confirmation/receipt of payment ****

Please note the following:

If the panel is stored before installation, the cardboard packaging must be removed.

- avoid permanent exposure to direct sunlight or strong light
- do not install near heat sources such as fireplaces, radiators, etc.
- avoid extreme humidity above 70% or overly dry air
- do not moisten or water the moss
- moss may transfer color when touched
- our plants and mosses are purely natural products; therefore, changes may occur in rare cases (color change)
- the moss may give off its natural scent for some time. This is completely harmless to health and fades after approx. 3-5 weeks
- since our moss is a natural product, its shape and color may differ from the pictures shown

We would be delighted to receive your order and assure you of professional, on-time execution.

Any questions? We are happy to help!

Best regards from West Sacramento
