PRODUCT NOTES

Please follow these instructions and you will enjoy your verdeform products for many years! Feel free to also share them with everyone who lives or works with these products so they can follow them too.

Care: No care is required. Please do not water or spray our products.

Please avoid:

- permanent, intense exposure to sunlight or light (this also applies to LED light)

- high humidity (>70%)

- very dry air (<40%)

- direct exposure to heat (e.g., fireplace, radiator)

Scent: Due to preservation, the plants retain their natural scent for a short time. With regular ventilation, however, this scent disappears after a few weeks.

Color: The moss may transfer color when touched. Wear gloves during installation or wash your hands afterwards to avoid soiling other objects.

Our plants and mosses are purely natural products; therefore, changes may occur in rare cases (color change, lichen formation, growth).
